Payment terms: The buyer must settle the obligation in accordance with the valid concluded agreement. If no agreement is concluded, the goods must be paid in full at least 5 days before shipment. For payments made at the Order placed or more than 30 days before shipment, a 2% cash discount (cassa sconta) is granted (not applicable for MY 24 and older, conversions).

Supply agreements:
The transport costs are covered by the buyer of the vehicle. The vehicle is fully functional with the complete documentation. The goods remain our property till payment is effected.

Parity: EX Works.
We recommend that the buyer arrange CARGO insurance with the carrier based on the value of the vehicle. This will insure the vehicle against damage events that are beyond the carrier's responsibility.

The final price of the vehicle includes: the basic price of the vehicle with equipment (with customs duties already included), VAT and motor vehicle tax (DMV). The final price of the vehicle can only be changed in the case of objective circumstances beyond the seller's control (e.g. a change in the rate or method of calculating DMV or VAT, price increase of base vehicle or materials...etc. The buyer pays the final price in EUR before taking over the vehicle. The paid deposit is induded in the final price of the vehicle. Payment of the price is considered an essential element of the contract. The buyer can authorize the procurement agent to pay the purchase price.

Delivery dates are approximate and are not binding for the supplier.

Executive Director:
Andreja Šoštarič Mlačnik

1. Subject of the General Terms and Conditions and components of the contract

The general terms and conditions of sale of holiday vehicles of the Mega Mobil brand (hereinafter "general terms and conditions") apply to all orders made to Mega Tekstil d.o.o. (hereinafter: Seller/Manufacturer/Mega Mobil).

The subject of these terms and conditions is the determination of the mutual rights and obligations of Mega Mobil as the Seller and the contractual partner/specialized dealer or other buyers (hereinafter also: Buyer), when placing an order or concluding and executing a contract for a new holiday vehicle. (hereinafter: "Contract").

These general terms and conditions are an integral part of the contractual relationship between the parties. An integral part of the contractual relationship between the parties is also the order, additional and special terms and conditions of sale (especially in the guarantee area, etc.), adopted separately by Mega Mobil. In the contractual relationship between Mega Mobil and the contractual partner/specialized dealer, these general terms and conditions, together with the order, additional and special terms and conditions of sale (especially in the guarantee area, etc.) adopted separately by Mega Mobil, as well as the requirements and/or instructions of the manufacturer Mega Mobil to the contractual partner (such as price lists, etc.),
together with the basic contract, as an integral part of the contractual relationship, form and represent the entire contractual relationship between the parties. In the event of a conflict between these general terms and conditions and the basic (distribution) contract with the contractual partner/specialized dealer, these general terms and conditions shall prevail, unless expressly agreed otherwise for an individual order.

If these general terms and conditions are not attached to an offer or order, they can be downloaded from the website https://www.megamobil.si/. By placing an order, the Buyer expressly confirms and accepts these general terms and conditions and all other components of the contractual relationship between the parties listed in the previous paragraph.

The sales and delivery terms and conditions of contractual partners/spedalized dealers are not binding on Mega Mobil and Mega Mobil assumes no responsibility for them.

2. Conclusion of the contract

Mega Mobil offers are always informative in nature and are not binding on Mega Mobil. The sales contract is concluded when it is signed by both parties or when Mega Mobil has accepted the Buyer's order. In the event that an advance payment is agreed between the parties, the contract is concluded when the advance payment is paid.

Changes or amendments to the contract are only valid if confirmed in writing by both parties. The transfer of the contract from the Buyer to a third party is not possible without the Seller's consent. If the Buyer authorizes a representative to conclude the sales contract, the representative must have a written authorization, which the Seller keeps. In such cases, the Seller may request the representative to provide them with a copy of the registration document of the registered vehicle.

If the purchase price of the vehicle increases by more than 10% from the conclusion of this contract until delivery, Mega Mobil will notify the Buyer of the price increase, and the Buyer has the right to withdraw from the contract within one week of receiving Mega Mobil's notification of the price increase. If the Buyer does not withdraw from the contract, the contract remains in full force and effect, with the new (higher) sales price applying. If the Buyer withdraws from the contract due to an increase in the purchase price of more than 10% and the contract ceases to be valid, the Seller has no obligations towards the Buyer, with the exception of returning the advance payment already paid to the Buyer without interest, and in particular, in this case the Seller is not liable to the Buyer for any damage.

If the Buyer cancels or terminates an order that has already been placed, the Seller retains the advance payment already paid as part of the contractual penalty, and in this case the Buyer is also obliged to reimburse the Seller for any costs or damages incurred. In the event of cancellation or termination of the order by the Buyer, the parties determine and define a contractual penalty in the amount of 20% of the final price of the vehicle, which the Buyer is obliged to pay to the Seller within 8 days of Mega Mobil's request. The amount of the advance payment already paid is included in the amount of the contractual penalty determined in this way and is not returned to the buyer under any circumstances.

3. Final price

The final price of the vehicle includes: the basic price of the vehicle with equipment (with customs duty already included) in EUR, VAT and motor vehicle tax (DMV). The price of the contractual goods is valid ex works factory Kolodvorska ulica 31b, Slovenska Bistrica, Slovenia (ex-WORKS). The final price of the vehicle may change from the price in the estimate in the event of objective circumstances beyond the Seller's control (e.g., change in the rate or method of calculating motor vehicle tax or VAT, change in legislation, increase in the price of the base vehicle or material, etc.), in which case the changed final price of the vehicle shall apply. If the price increase is more than 10%, the Buyer may withdraw from the contract under the conditions set out in the previous point of these general terms and conditions.

The Buyer pays the final price before picking up the vehicle. The advance payment paid is included in the final price of the vehicle. The Buyer may authorize a representative to pay the purchase price.

If a price in a foreign currency is required, the offer shall be converted based on the middle exchange rate of the Bank of Slovenia on the date of submission of the offer. The Buyer pays the final price converted into EUR based on the middle exchange rate of the Bank of Slovenia, valid on the date of issue of the invoice. In the event of exchange rate fluctuations between the date of the pro forma invoice and the final invoice, Mega Mobil undertakes to cover any changes in the exchange rate within a range of +/- 1%. Any changes outside this range will be subject to the exchange rate in effect at the time the invoice is issued.

4. Delivery terms and vehicle pick-up

The Seller delivers the vehicle to the Buyer equipped with all necessary documents for payment and registration. The place of delivery or pick-up of the vehicle is the Seller's company headquarters. The delivery date for the vehicle specified in the contract is for informational purposes only.

When the Seller informs the Buyer that the ordered vehicle is ready for pick-up, the Buyer is obliged to pay the remaining part of the final price of the vehicle (the amount visible on the manufacturer's invoice) within the deadline specified on the invoice. The Buyer cannot take over the vehicle before paying the final price in full, unless expressly agreed otherwise. The Buyer is obliged to pick up the vehicle at the Seller's company headquarters within 5 days (pick-up deadline) from the receipt of the Mega Mobil notification or within the deadline specified in the Mega Mobil notification/invitation. All obligations and risks related to vehicle ownership are transferred to the Buyer on the day of vehicle pick-up or at the latest upon expiry of the pick-up period. If the Buyer does not pick up the vehicle within the pick-up period, the Seller is not liable for damage or loss of the vehicle.

If the Buyer does not pay the final price of the vehicle within the deadline (amount visible on the invoice or manufacturer's request), and does not do so even after an additional request or within an additional period of 8 days, the Seller has the right to withdraw from the contract, and the Buyer is obliged to pay the Seller a contractual penalty in the amount of 20% of the final price of the vehicle, within 8 days of Mega Mobil's request, whereby the amount of any advance payment already paid is included in the amount of the contractual penalty thus determined. The same applies if the Buyer does not pick up the vehicle on time, and does not collect it even after an additional request from the Seller or within an additional period of 8 days, and the Seller has the right to withdraw from the contract, and the Buyer is obliged to pay the Seller a contractual penalty in the amount of 20% of the final price of the vehicle, within 8 days of Mega Mobil's request, whereby the amount of any advance payment already paid is included in the amount of the contractual penalty determined in this way and is not returned to the Buyer under any circumstances.
If the Seller does not withdraw from the contract, they have the right to charge the Buyer default interest as a contractual penalty in the amount of 0.05% of the total value of the order or the final price of the vehicle, for each day of delay in payment, but not more than 10% of the total value of the order or the final price of the vehicle, which does not affect other consequences of the delay in taking over the vehicle.

The costs and risks of transport are borne by the contractual partner/specialized dealer. Additional insurance for the vehicle during transport (weather conditions and everything beyond the carrier's control) must be concluded and provided by the contractual partner/specialized dealer. The vehicle is deemed to have been taken over by the contractual partner/specialized dealer at the moment the Seller hands over actual control of the vehicle. By signing the acceptance and delivery record, the contractual partner/specialized dealer confirms the correct fulfillment of the dealer's contractual obligation. The contractual partner/specialized dealer is obliged to take over the vehicle even if the delivered vehicle differs insignificantly from the one ordered due to a factory serial modification of the vehicle or components, etc. (in this case, there are no defects in performance). Upon receipt of the vehicle, the contractual partner/specialized dealer is obliged to immediately and carefully check whether it corresponds to their order and to inform the Seller immediately or at the latest within 14 days of receipt of the vehicle of any defects. After the deadline from the previous sentence has expired, the Buyer cannot object to obvious defects in the vehicle.

The contractual partner/specialized dealer is also obliged to hand over the vehicle to the end customer with a handover report showing that the vehicle has been checked, is flawless and meets the handover conditions. The handover report must be signed by the contractual partner/specialized dealer and the end customer.

Fair vehicles taken over by a contractual partner/spedialized dealer must be taken over and handed over to the end customer in the same manner as other ordered vehicles. They must be paid no later than 30 days after takeover from the Mega Mobil seller.

5. Warranty and guarantee conditions

The Seller guarantees the condition of the vehicle as stated in the contract. The Buyer is obliged to notify the Seller of any material defect or non-conformity of the vehicle immediately, or if the Buyer is considered a consumer in accordance with the Consumer Protection Act, no later than within two months from the date the defect was discovered, otherwise they lose the right to warranty for material defects or non-conformity of the vehicle. If the vehicle does not function properly, the Buyer has the right to request that the manufacturer of the base vehicle repair the vehicle and rectify the defect.

Mega Mobil guarantees that the materials and workmanship of the vehicle by Mega Mobil are flawless. Mega Mobil, as the manufacturer, provides users (natural persons) with a general guarantee against defects in holiday vehicles that occur due to defects in materials or manufacturing (improper installation), in accordance with and under the conditions of the given guarantee. Mega Mobil, as the manufacturer, can also provide users (natural persons) with additional guarantees (e.g., a leak-proof guarantee) in accordance with and under the terms of the given guarantee. The Buyer, who is a Mega Mobil contractual partner/specialized dealer, is obliged to comply with all additional and/or special terms and conditions of sale adopted separately by Mega Mobil (especially in the guarantee area, etc.) and other requirements and/or instructions of the manufacturer Mega Mobil (such as a price list of hourly rates for repairs during the guarantee period, etc.).

Registriran uporabnik: MEGA TEKSTIL d.o.o. | Obrazec: A3V

Mega Mobil's guarantees as the manufacturer are valid in accordance with and under the conditions specified in the individual guarantee, during the first 24 months from the date of delivery of the vehicle to the user or from the first registration of the vehicle.

The user may only make claims for the elimination of defects under guarantees in service workshops that are authorized to maintain the vehicle that is the subject of the contract, in accordance with and under the terms of the given warranty. The user undertakes to file claims as soon as they discover defects. The manufacturer or an authorized service partner (if such a defect can be rectified by a service partner) will rectify the defects by subsequently fulfilling the contractual terms, namely by repair or replacement delivery (replacement of materials, defective parts, etc.), all in accordance with the terms of the guarantee. The type and extent of the elimination of defects are in any case within the exclusive competence of the guarantor and/or the manufacturer's service workshops.

The base vehicle is guaranteed by the vehicle manufacturer. The manufacturers of installed appliances and equipment provide a guarantee and are responsible for it. If there are guarantees in individual countries that are provided by individual specialized dealers/contractual partners of Mega Mobil, the user shall make claims under these guarantees directly to the specialized dealer from whom they purchased the holiday vehicle, as the provider of the specific guarantee.

The Buyer is obliged to follow and comply with all instructions in the service booklet and vehicle operating instructions. The Buyer cannot claim the guarantee if the vehicle's defects occurred because it was repaired in an unauthorized workshop, if non-original parts were installed in the vehicle, if the vehicle was converted or modified in an unauthorized manner, or if the Buyer failed to comply with the regulations for handling the vehicle that is the subject of this contract (instructions for use, service booklet, etc.) and other conditions specified in the guarantee, when it is excluded. There is no guarantee for natural wear and tear. This also applies to damage resulting from improper handling or excessive loading of the vehicle. Damage to the paintwork caused by impacts from stones on the road is not covered by the guarantee. Claims must be made immediately or at the latest within the specified period, in accordance with legal regulations.

6. General liability

The contracting parties are mutually liable in accordance with legal provisions. The Mega Mobil contractual partner/specialized dealer is liable to Mega Mobil for any damage, including indirect damage, caused by culpable negligence.
The Mega Mobil contractual partner/specialized dealer is liable for any damage, including indirect damage, caused by them during the performance of the contractual relationship and/or the provision of work/service, as well as in accordance with the provisions of national or European product liability law. Furthermore, they are not entitled to claim ordinary damages and/or damages for lost profits from Mega Mobil. The contractual partner must in any case take out professional liability and product liability insurance with adequate coverage for each damage event, for property and non-property damage. Such insurance must be valid during the execution of the order and/or the validity of the contract. A lack of evidence gives Mega Mobil the right to terminate the contract for good cause and enforce the contractual penalty specified in points 2 or 4 of these terms and conditions.

7. Reservation of title

The subject of the contract remains the property of Mega Mobil until the full purchase price and associated charges (taxes, interest, costs, etc.) are paid. The Buyer may not alienate or encumber a vehicle subject to a retention of title in favor of the Seller.

8. Waiver of the offset right

The Buyer has no right to offset, or to retain or deduct, in whole or in part, the amounts or claims that they have or claim from the Seller, with those claims that the Seller has against the Buyer from the purchase price under the contract, except in the case where their claim has been recognized by the competent court or the Seller, or when the contracting parties agree otherwise in writing.

9. Data protection

Mega Mobil implements personal data protection in accordance with the General Data Protection Regulation EU679/2016 (GDPR) and the Personal Data Protection Act (ZVOP-2). Personal data is collected, processed, transmitted and stored in accordance with the General Regulation, primarily for the purpose of carrying out the Seller's pre-contractual and contractual activities. By accepting these general terms and conditions, the Buyer confirms that they are aware of the information that Mega Mobil is obliged to provide as a personal data controller pursuant to Articles 13 and 14 of the GDPR.

More information regarding the protection of personal data is available on the Mega Mobil website under the Privacy Policy. Mega Mobil undertakes to store and protect the Buyer's personal data in an appropriate manner to prevent any unauthorized disclosure and misuse of this data.

If the Mega Mobil contractual partner/specialized dealer gains access to personal data during the provision of contractual services, they will comply with applicable data protection regulations, process the personal data exclusively for the purposes of providing the contractual services or to fulfill the resulting legal obligation (intended purpose), ensure that their employees only have access to the data that is strictly necessary and bind their employees in writing to data protection and instruct them on the data protection regulations that must be observed, and will provide proof of this upon request by Mega Mobil. If a contractual partner processes personal data on behalf of Mega Mobil, a personal data processing agreement must be concluded before the contractual partner gains access to personal data. The contractual partner ensures that the processing of personal data attributable to Mega Mobil or Mega Mobil's customers is carried out only on the territory of the Republic of Slovenia, a Member State of the European Union or a contracting state of the Agreement on the European Economic Area. Deviations from this must be expressly agreed in writing between Mega Mobil and the contractual partner, whereby the conditions for concluding the necessary contracts must be met.

10. Integrity of the contract

The general terms and conditions of sale are an integral part of the contract or contractual relationship between Mega Mobil and the contractual partner/specialized dealer. This contractual relationship is also subject to the provisions of the mutually concluded basic contract, orders, general terms and conditions, additional or special terms and conditions or other requirements and/or instructions of the manufacturer Mega Mobil, as well as the provisions of the Code of Obligations.

11. Preservation of validity in the event of partial invalidity

If for any reason any provision of these terms and conditions loses its legal validity, this shall not affect the validity of the remaining provisions.

12. Extraordinary termination of the contract

Mega Mobil has the right to withdraw from the contract (without a notice period) for an important reason. In the event of withdrawal from the contract by Mega Mobil, the contractual partner/specialized dealer is obliged to pay Mega Mobil a contractual penalty within the scope of the specific order as specified in points 2 or 4 of these general terms and conditions.

The important reasons are mainly the following:
- failure by the Buyer to comply with essential provisions of the contractual relationship or specific order
- if the continuation of the contractual relationship is no longer acceptable for reasons falling within the scope of another part of the contractual relationship between the parties;
- if there is a significant change in the ownership structure of the company of the Mega Mobil contractual partner/specialized dealer, which unacceptably harms the interests of Mega Mobil;
- if the Mega Mobil contractual partner/specialized dealer has personal, structural or financial problems in their company that cannot be resolved in a reasonable time and that threaten the fulfillment of essential provisions of the contractual relationship between the parties;
- if the contractual partner of Mega Mobil violates a material obligation from the contractual relationship and fails to remedy the violation despite a warning and the setting of a deadline within which the situation must be brought into line with the agreement;
- in other cases specified in these terms and conditions or the basic contract between the parties.

13. Anti-corruption clause

The Mega Mobil contractual partner/specialized dealer undertakes to comply with all anti-corruption legislation when performing contractual services. In any case, this obligation includes the prohibition of improper payments or other undue advantages to public officials, business partners, their employees, family members or other partners, and the prohibition of facilitating payments to public officials or other persons. The contracting parties will support each other in anti-corruption measures, and in particular, they will inform each other immediately if they become aware of corruption cases or specific suspicions thereof that are directly related to this contract or its implementation. If Mega Mobil finds that an authorized dealer is violating anti-corruption regulations, they have the right to terminate the contract – including extraordinary termination.

14. Dispute resolution and jurisdiction

If disputes arising from the contractual relationship between the Seller and the Buyer cannot be resolved amicably, the Slovenian court, which has territorial and subject-matter jurisdiction over the registered office of Mega Mobil, has exclusive jurisdiction to resolve any disputes. The law of the Republic of Slovenia shall apply, excluding the United Nations Convention on Contracts for the International Sale of Goods (CISG).

Notice on out-of-court resolution of consumer disputes: The Seller does not recognize any provider of out-of-court resolutions of consumer disputes as competent to resolve consumer disputes that a consumer may initiate under the Out-of-Court Consumer Dispute Resolution Act.

15. Validity of the General Terms and Conditions of Sale

The general terms and conditions are valid from 09.04.2025 onwards.
